BALEARES

*The latest C&C Milano collection, BALEARES, takes inspiration from traditional Maiorcan fabrics. “Telas de Lenguas”, characterized by geometric patterns and vivid colours, were brought to the island from the Far East, where the IKAT technique was employed in the fabrics’ production.*

*The collection consists of 5 different laminate prints, applied on two different weights, created for curtains and home décor.*

*The contrast of metallic printed designs upon rough natural tone linens, provides an elegant and sophisticated effect, suitable for any decorative purpose.*
